LETTER FROM THE BOARD

INTRODUCTION

Pursuant to the Announcement, the following were proposed transactions:–

(1) NEW CONTINUING CONNECTED TRANSACTIONS

The Company announces that Indofood has, on 6 March 2007, entered into the SAWAB Licensing Agreements, which are conditional upon approval by the Company's Independent Shareholders, relating to Indofood's Noodles Business. No services under the SAWAB Licensing Agreements will be provided by Indofood to SAWAB unless and until approval of the same has been received from the Independent Shareholders.

The SAWAB Licensing Agreements, relate to the provision of trademark licensing services for the non-exclusive use, by SAWAB, of the "Indomie" trademark owned by Indofood, and for the provision of technical services in connection with instant noodles manufacturing operations in Syria.

Following approval of the SAWAB Agreements by the Independent Shareholders at the Shareholders' Meeting, members of the Indofood Group will enter into the SAWAB Materials and Packaging Agreements, which also relate to the Noodles Business. The duration of the SAWAB Agreements will not exceed three years.

SAWAB is a joint venture company newly incorporated and established in Syria, for the purposes of establishing an instant noodles business in that jurisdiction. SAWAB is owned as to 80% by SWGL and as to 20% by a third party local partner. SWGL and SAWAB are both Associates of Mr. Anthoni Salim, the Chairman and a substantial shareholder of the Company and also President Director and CEO of Indofood. Accordingly, continuing transactions between members of the Indofood Group and SAWAB are continuing connected transactions of the Company under the Listing Rules.

Under Rule 14A.35(2) of the Listing Rules, the Company is required to set an Annual Cap for each continuing connected transaction. A description of the continuing connected transactions under the SAWAB Agreements and the Annual Caps for each of those continuing connected transactions for the financial years ending 31 December 2007, 2008 and 2009 are specified in Table A below.

Under Rule 14A.25 of the Listing Rules, for the purposes of compliance with Chapter 14A of the Listing Rules, the Annual Caps in respect of the SAWAB Agreements have been aggregated with the Annual Caps in respect of the Existing Noodles Business Transactions (inclusive of the Revised Noodles Caps and the 2009 Noodles Caps set out below). On that basis, the relevant percentage ratios (as defined in the Listing Rules) applicable to the Annual Caps in respect of the SAWAB Agreements, when aggregated with the other Annual Caps referred to above, exceed 2.5%. Accordingly, the SAWAB Agreements are conditional upon approval by the Independent Shareholders at the Shareholders' Meeting, in accordance with the requirements of Rule 14A.18 of the Listing Rules.

LETTER FROM THE BOARD

LETTER FROM THE BOARD

(2) REVISION OF CAPS FOR EXISTING NOODLES BUSINESS TRANSACTIONS, RENEWAL OF CERTAIN EXISTING NOODLES BUSINESS TRANSACTIONS AND ANNUAL CAPS FOR 2009 IN RESPECT OF EXISTING NOODLES BUSINESS TRANSACTIONS

Shareholders are referred to the section headed “DETAILS OF THE NOODLES BUSINESS TRANSACTIONS” in the May 2006 Circular which sets out a series of related continuing connected transactions relating to Indofood’s Noodles Business which were estimated to amount in aggregate to approximately US\$60.8 million for the financial year ending 31 December 2007 and US\$30.9 million for the financial year ending 31 December 2008 on a pro-rata basis.

The Directors have been monitoring the amounts of the Existing Noodles Business Transactions, having regard to internal estimates of demand and operating conditions.

Since the approval of the Existing Noodles Business Transactions and the related Existing Noodles Caps, the Directors note that in respect of the Existing Noodles Caps for the financial years ending 31 December 2007 and 2008:–

- Certain of the Existing Noodles Caps relating to continuing connected transactions between each of FID, CKA and PIPS (each of which are members of the Indofood Group) and Pinehill (which is an Associate of Mr. Anthoni Salim) will not be sufficient to meet Pinehill’s requirements. Those transactions are the transactions numbered (4), (5) and (7) in Table B below.
- Certain of the Existing Noodles Caps relating to continuing connected transactions between each of FID, CKA and Indofood (on the one hand) and DUFIL (on the other hand) require revisions as in respect of DUFIL, the expected sales volume was not met due to increased competition in the noodles business in Nigeria. Those transactions are the transactions numbered (1), (2) and (3) in Table B below.
- The Existing Noodles Caps in respect of transaction numbered (6) for the financial years ending 31 December 2007 and 2008 do not require revision.

Accordingly, it is proposed that those Existing Noodles Caps be revised in accordance with the Revised Noodles Caps in respect of the relevant transactions set out in Table B below.

Furthermore, the Annual Caps relating to certain of the Existing Noodles Business Transactions for the financial year ending 31 December 2008 as set out in the May 2006 Circular were approved by the Independent Shareholders on a pro-rata basis due to the relevant agreements/arrangements expiring part way through the 2008 calendar year. It is now proposed that, subject to approval by the Independent

LETTER FROM THE BOARD

Shareholders at the Shareholders' Meeting, those Existing Noodles Business Transactions which are due to expire in 2008 be renewed for a further period of three years upon expiry and that the Annual Caps in respect of the entire financial year ending 31 December 2008 be revised as proposed in Table B below. The relevant transactions are those numbered (1), (2), (4) and (5) in Table B below.

The Board also announces the proposed 2009 Noodles Caps in respect of the Existing Noodles Business Transactions and the New Noodles Transactions for the financial year ending 31 December 2009, as set out in Table B below.

Aggregate Annual Cap Amount				60.8	30.9	53.5	62.1	76.6

Note:

- Shareholders should note that although the agreement for provision of technical assistance services and use of licence entered into between Indofood and DUFIL (Transaction numbered (3) in Table B above) is for a term for four years (expiring in 2010), the said agreement expressly provides that such renewal is subject to the relevant Nigerian authority's approval. At present, the relevant Nigerian authority's has only granted its approval for the renewal of the agreement for a period of one year. DUFIL has made an application to the relevant Nigerian authority for approval of the renewal of agreement for the entire contract term and is awaiting its final approval. Assuming the extension application is successful, the Annual Caps for transaction numbered (7) are as set out in Table B, above.
- Shareholders should note that the Annual Caps in respect of the years 2008 and 2009 in respect of Transaction numbered (7) in Table B, above are different from those previously announced in the Announcement and have been changed from US\$2.3 million to US\$2.4 million and US\$2.6 million to US\$2.7 million, respectively.

Each of the Noodles Business Transactions set out above constitutes a continuing connected transaction for the Company under Rule 14A.14 of the Listing Rules because:–

- Mr. Anthoni Salim is the Chairman and a substantial shareholder of the Company and President Director and CEO of Indofood; and
- each of DUFIL and Pinehill are Associates of Mr. Anthoni Salim.

Under Rule 14A.36(1) of the Listing Rules, where a previously approved annual cap is exceeded or proposed to be exceeded or a relevant agreement is renewed, the Company must re-comply with Rules 14A.35(3) and 14A.35(4) by re-complying with the reporting, announcement and Independent Shareholders' approval requirements, as appropriate. Therefore, it is necessary for the Independent Shareholders to approve the New Noodles Transactions, the Revised Noodles Caps (as applicable to the New Noodles Transactions), the Increased Existing Noodles Caps and the 2009 Noodles Caps.

LETTER FROM THE BOARD

Under Rule 14A.25 of the Listing Rules, for the purposes of compliance with Chapter 14A of the Listing Rules, the Revised Noodles Caps (including the Increased Existing Noodles Caps) and the 2009 Noodles Caps have been aggregated with the applicable Annual Caps in respect of the SAWAB Agreements. On this basis, the percentage ratios in respect of each of the financial years ending 31 December 2007, 2008 and 2009 exceed 2.5% and, therefore, the New Noodles Transactions, the Revised Noodles Caps (as applicable to the New Noodles Transactions), the Increased Existing Noodles Caps and the 2009 Noodles Caps are conditional upon approval by the Independent Shareholders at the Shareholders' Meeting, in accordance with the requirements of Rule 14A.18 of the Listing Rules.

The Revised Noodles Caps (including the Increased Existing Noodles Caps) and the 2009 Noodles Caps specified above are estimated transaction values based on projected activity levels between the relevant parties for the financial years ending 31 December 2007, 2008 and 2009, taking into account substantial growth and significant increase over recent years in respect of the various regional markets.

(3) NEW DISTRIBUTION BUSINESS TRANSACTIONS AND ANNUAL CAPS FOR 2009 IN RESPECT OF DISTRIBUTION BUSINESS TRANSACTIONS

Shareholders are referred to the section headed "DETAILS OF THE CONTINUING CONNECTED TRANSACTIONS" in the April 2006 Announcement which sets out a series of related continuing connected transactions relating to Indofood's Distribution Business. Those transactions are the transactions numbered (1) and (2) in Table C below.

The Board announces that the Indofood Group proposes to enter into new continuing connected transactions in respect of the Distribution Business involving the distribution of consumer products by PDU (a subsidiary of Indofood) to LS (an Associate of Mr. Anthoni Salim) and the distribution of beverages products from BD (an Associate of Mr. Anthoni Salim) to TSM (a subsidiary of Indofood). Those transactions are the transactions numbered (3) and (4) in Table C below. Accordingly, new Annual Caps in respect of those new continuing connected transactions relating to the Distribution Business are proposed, as set out in Table C below.

In addition, Annual Caps in respect of the financial year ending 31 December 2009 are proposed for both the Existing Distribution Business Transactions and the New Distribution Business Transactions. Those 2009 Distribution Business Transactions Caps are also set out in Table C below.

LETTER FROM THE BOARD

TABLE C – Distribution Business Transactions

Transaction number	Parties to the Agreement/ Arrangement		Nature of Agreement/ Arrangement	Annual Caps (US\$ millions)		
	Name of member of the Indofood Group	Name of Connected Party		For the Year Ending 31 December 2007	For the Year Ending 31 December 2008	For the Year Ending 31 December 2009
(1)	IAP	LS	Distribution of consumer products	9.5	11.5	14.3

(4)	TSM	BD	TSM, as sub-distributor of BD, purchases Pepsi products for sale in trade outlets in Indonesia	0.1	0.1	0.1
Aggregated Annual Caps				21.3	25.9	31.1

Each of the Distribution Business Transactions set out above is a continuing connected transaction of the Company under Rule 14A.14 of the Listing Rules because:–

- (i) Mr. Anthoni Salim is the Chairman and a substantial shareholder of the Company and President Director and CEO of Indofood; and
- (ii) each of LS and BD are Associates of Mr. Anthoni Salim.

Under Rule 14A.25 of the Listing Rules, for the purposes of determining the applicable reporting, disclosure and shareholders approval requirements under the Listing Rules in respect of the New Distribution Business Transactions and the 2009 Distribution Business Transactions Caps, the New Distribution Business Transactions have been aggregated with the Existing Distribution Business Transactions.

LETTER FROM THE BOARD

The highest of the relevant percentage ratios in respect of all of the Distribution Business transactions taken together on an aggregated basis for each of the financial years ending 31 December 2007, 2008 and 2009 is less than 2.5%. Accordingly, the New Distribution Business Transactions and the Existing Distribution Business Transactions, on an aggregated basis, are subject to the reporting and announcement requirements, but not the Independent Shareholders' approval requirements, of Chapter 14A of the Listing Rules.

The Annual Caps in respect of the Existing Distribution Business Transactions and the New Distribution Business Transactions set out in Table C above are estimated transaction values and are based on the projected activity levels between the relevant parties for the financial years ending 31 December 2007, 2008 and 2009.

(4) CLOSING OF CONNECTED TRANSACTION

Shareholders are referred to the August 2006 Announcement pursuant to which it was announced that on 16 August 2006, SIMP, a 64% owned subsidiary of Indofood, as purchaser, entered into a conditional sale and purchase agreement with Rascal Holdings Limited as vendor, in relation to the sale and purchase of a 60% shareholding interest in the Plantation Companies.

The Board is pleased to announce that the acquisition of that 60% interest in the Plantation Companies was completed on 9 March 2007.

(5) PLANTATIONS BUSINESS TRANSACTIONS

As a result of the completion of the acquisition of a 60% interest in the Plantation Companies, the following transactions are now or will when entered into be (as applicable) continuing connected transactions of the Company under the Listing Rules:

- (i) those existing transactions specified in Table D(i) below, which were entered into between the Plantation Companies (which are now subsidiaries of the Company) and Associates of Mr. Anthoni Salim, prior to the completion of the acquisition by the Indofood Group of a 60% interest in the Plantation Companies;

Name of member of the Indofood Group	Name of Connected Party	Nature of Agreement/Arrangement	Annual Cap (US\$ millions)		
			For the Year Ending 31 December 2007	For the Year Ending 31 December 2008	For the Year Ending 31 December 2009

SIMP	MPI & GS	Granting Loans	10.5	10.5	10.5
Aggregate Annual Cap – Financing Transactions			21.3	21.3	21.3

Note: The financial assistance to be provided to the Plantation Companies by SIMP referred to in Table D(iii) above is an amount representing 60% of the total financial assistance proposed to be provided to each of those Plantation Companies by their shareholders and is proportionate to the 60% shareholding of SIMP in each of those Plantation Companies. The provision of financial assistance by SIMP to the Plantation Companies referred to in Table D(iii), above is a connected transaction for the Company under Rule 14A.13(2)(a)(i) of the Listing Rules as it is a provision of financial assistance by a listed issuer to a connected person, therefore is subject to reporting, announcement but is exempt from independent shareholders' approval requirements under Rule 14A.66(2) of the Listing Rules. The remaining 40% of the financial assistance to be provided to each of those Plantation Companies is proposed to be provided by the Associates of Mr. Anthoni Salim which respectively own the remaining 40% of each of the Plantation Companies. The provision of that financial assistance is a connected transaction for the Company under Rule 14A.13(2)(b)(i) of the Listing Rules as it is a provision of financial assistance by connected persons of the Company to a subsidiary of the Company, but is exempt from the reporting, announcement and independent shareholders' approval requirements under Rule 14A.65(4) of the Listing Rules.

In addition, prior to the acquisition of a 60% interest in the Plantation Companies by the Indofood Group, there were two existing transactions between members of the Indofood Group and Associates of Mr. Anthoni Salim relating to the Indofood Group's existing plantations business. The percentage ratios applicable to those transactions, details of which are set out in Table D(iv), on an aggregate basis, were less than 0.1% and, accordingly, those transactions were exempt from the reporting, announcement and Independent Shareholders' approval requirements of Chapter 14A of the Listing Rules. Following the acquisition of a 60% interest in the Plantation Companies by the Indofood Group, those transactions will be aggregated with the transactions referred to above in Tables D(i), D(ii) and D(iii) relating to the Plantation Companies, in order to determine the applicable requirements under Chapter 14A of the Listing Rules in respect of any further transactions relating to the Indofood Group's plantation business.

LETTER FROM THE BOARD

TABLE D (iv) – Existing transactions between members of the Indofood Group and Associates of Mr. Anthoni Salim relating to the Indofood Group's existing plantations business as it was carried on prior to the acquisition of a 60% interest in the Plantation Companies

Name of member of the Indofood Group	Name of Connected Party	Nature of Agreement/ Arrangement	Annual Cap (US\$ millions)		
			For the Year Ending 31 December 2007	For the Year Ending 31 December 2008	For the Year Ending 31 December 2009
SIMP	AS	20 year lease for use of factory property	0.1	0.1	0.1
SIMP	STP	Pump and loading services to vessels	0.5	0.6	0.7
		Aggregate Annual Cap	0.6	0.7	0.8
		Aggregate Plantations Business Transactions set out in Tables D(i) – D(iv)	26.5	26.6	25.7

The Plantations Business Transactions referred to above constitute continuing connected transactions under Rule 14A.14 of the Listing Rules because:-

- (i) the Plantation Companies are owned as to 60% by SIMP, being a 64% owned subsidiary of Indofood and as to 40% by Mr. Anthoni Salim or his Associates;
- (ii) Mr. Anthoni Salim is the Chairman and a substantial shareholder of the Company and President Director and CEO of Indofood; and
- (iii) accordingly, each of the Plantation Companies is an Associate of Mr. Anthoni Salim and a connected person of the Company and transactions between other members of the Indofood Group and the Plantation Companies are connected transactions for the Company.

The provision of financial assistance by Mr. Anthoni Salim and/or his Associates to the Plantation Companies, as referred to in the Note to Table D(iii) above, is also a connected transaction for the Company under Listing Rule 14A.13(2)(b)(i), but is exempt from the reporting, announcement and Independent Shareholders' approval requirements under Rule 14A 65(4) of the Listing Rules on the basis that the financial assistance is provided by a connected person for the benefit of a subsidiary of the Company on normal commercial terms (or better to the relevant subsidiary), i.e., interest on the amounts advanced will be charged based on prevailing market rates and no security over the assets of the Company or any of its subsidiaries is granted in respect of the financial assistance.

LETTER FROM THE BOARD

The Plantations Business Transactions are and will be conducted in the ordinary and usual course of business. These transactions are and will be entered into on an arm's length basis with terms that are fair and reasonable to the parties.

Under Rule 14A.25 of the Listing Rules, for the purposes of compliance with Chapter 14A of the Listing Rules, the Plantations Business Transactions have been aggregated. Based on the maximum aggregate annual values of the Plantations Business Transactions for each of the financial years ending 31 December 2007, 2008 and 2009, each of the percentage ratios (as defined in the Listing Rules) is less than 2.5%. Accordingly, the Plantations Business Transactions for the financial years ending 31 December 2007, 2008 and 2009 are subject to the reporting and announcement, but not the Independent Shareholders' approval, requirements of Chapter 14A of the Listing Rules.

The Annual Caps in respect of the Plantations Business Transactions set out in Tables D(i) to (iv) are estimated transaction values based on projected activity levels between the relevant parties for the financial years ending 31 December 2007, 2008 and 2009, in the case of the transactions referred to in Tables D(i) and D(iv) taking into account the historical values of the relevant transactions and in the case of the transactions referred to in Tables D(ii) and D(iii) taking into account the continuing development of raw land into planted areas. In relation to financing such development, the Plantation Companies need sufficient funds either from their shareholders or from financial institutions or other sources.

The Snack Food Supply and Services Agreement is a continuing connected transaction for the Company because SWGL, the counterparty to the Snack Food Supply and Services Agreement, is an Associate of Mr. Anthoni Salim, the Chairman and a substantial shareholder of the Company and the President Director and CEO of Indofood.

The Annual Caps in respect of the Snack Food Supply and Services Agreement set out above are arrived at based on feasibility study of the projects.

LISTING RULES IMPLICATIONS

Each of the continuing connected transactions described in this circular constitutes a continuing connected transaction for the Company under Rule 14A.14 of the Listing Rules because the counterparties to the relevant transactions with the Indofood Group are Associates of Mr. Anthoni Salim, the Chairman and a substantial shareholder of the Company, and also President Director and CEO of Indofood.

APPOINTMENT OF INDEPENDENT BOARD COMMITTEE AND INDEPENDENT FINANCIAL ADVISER AND DESPATCH OF SHAREHOLDERS' CIRCULAR

The Company has established the Independent Board Committee consisting of the Independent Non-executive Directors to advise the shareholders of the Company as to whether the terms of the SAWAB Agreements and their respective Annual Caps, the terms of the New Noodles Transactions, the Revised Noodles Caps (as applicable to the New Noodles Transactions), the Increased Existing Noodles Caps, the 2009 Noodles Caps, the Noodles Supply and Services Agreement and its Annual Caps are fair and reasonable, whether such transactions are in the interests of the Company and its shareholders as a whole and to advise the Independent Shareholders as to how to vote at the Shareholders' Meeting to be convened to consider those continuing connected transactions.

The Company has appointed an Quam Capital to make recommendations to the Independent Board Committee and the Independent Shareholders as to whether the terms of the SAWAB Agreements and their respective Annual Caps, the terms of the New Noodles Transactions, the Revised Noodles Caps (as applicable to the New Noodles Transactions), the Increased Existing Noodles Caps, the 2009 Noodles Caps and the terms of the Noodles Supply and Services Agreement and its Annual Caps are fair and reasonable and whether those transactions are in the interests of the Company and its shareholders as a whole and to advise the Independent Shareholders as to how to vote at the Shareholders' Meeting.

LETTER FROM THE BOARD

Under Rule 14A.18 of the Listing Rules, any connected persons of the Company with a material interest in the SAWAB Agreements, the New Noodles Transactions, the Existing Noodles Business Transactions in respect of which the Annual Caps are proposed to be increased or the Noodles Supply and Services Agreement are required to abstain from voting at the Shareholders' Meeting on the resolutions approving the relevant matters. Accordingly, First Pacific Investments Limited and First Pacific Investments (BVI) Limited, both being Associates of Mr. Anthoni Salim and which in aggregate hold shares of the Company representing approximately 44.23% of the issued share capital of the Company will abstain from voting at the Shareholders' Meeting on each of those resolutions.

REASONS FOR THE ENTERING INTO THE CONTINUING CONNECTED TRANSACTIONS

The relevant members of the Indofood Group have entered into the continuing connected transactions as part of their regular ongoing business arrangements in relation to the business and operations of the Indofood Group as set out below:–

(i) SAWAB Agreements

Following the success in recent years of the Noodles Business, Indofood envisages that there is considerable potential for market growth and the capture of future market development opportunities in the Syrian market and therefore, by proposing to enter into the SAWAB Agreements, Indofood is making positive decisions in relation to its operations in this market in order to capitalise on such opportunities.

(ii) The New Noodles Transactions, the Increased Existing Noodles Caps, the Revised Noodles Caps (as applicable to the New Noodles Transactions) and the 2009 Noodles Caps

The Indofood Group has benefited from the transactions numbered (1), (2), (4) and (5) in Table B, which are to be renewed on their respective expiry dates on the same terms for a further period of three years. The sale and supply of food ingredients, noodle seasoning and flexible packaging, the licensing of the "Indomie" brand name and the provision of technical assistance to Associates of Mr. Salim are on normal commercial terms and in the interests of the relevant members of the Indofood Group which are parties to those agreements and their respective shareholders. Accordingly, the Directors consider that it is in the interests of the Company and its shareholders as a whole for the relevant members of the Indofood Group to renew those agreements for a further three year period on the same terms.

The Directors have been monitoring the Indofood Group's continuing connected transactions. Having regard to the continued development and expansion of the business of the Indofood Group and internal estimates of the future needs of the relevant markets, the Existing Noodles Caps will not be sufficient to meet projected requirements in relation to certain of the Existing Noodles Business Transactions. Accordingly, certain of the Existing Noodles Caps should be revised

LETTER FROM THE BOARD

to take into account the Indofood Group's latest internal projections and estimates. Conversely, a number of the previously announced Annual Caps in respect of the Existing Noodles Business Transactions now appear to be excessive and can be reduced.

(iii) New Distribution Business Transactions and Annual Caps for 2009 in respect of Distribution Business Transactions

Due to continued development and expansion of the Indofood Group's distribution business, the new continuing connected transactions in respect of the Distribution Business are entered into to increase sales turnover and to earn additional margins on the products sold by the Indofood Group, as well as to diversify the product portfolio of the Indofood Group.

(iv) Plantations Business Transactions

A number of the Plantations Business Transactions are transactions which were entered into by the Plantation Companies with Associates of Mr. Anthoni Salim before the completion of the acquisition of a 60% interest in the Plantation Companies by the Indofood Group. On completion of that acquisition, those pre-existing transactions became continuing connected transaction for the Company under the Listing Rules.

In relation to the new Plantations Business Transactions proposed to be entered into among the Plantation Companies, members of the Indofood Group and Associates of Mr. Anthoni Salim, these are transactions entered into the ordinary course of business, principally for the sale of seedlings, which can then be planted to develop raw land into planted areas. The sale of seedlings by the Indofood Group to the Plantation Companies can be expected to increase turnover and profits for the Indofood Group.

(v) Noodles Supply and Services Agreement and Snack Food Supply and Services Agreement

In respect of the Noodles Business and Snack Food Business, following success in recent years due to (amongst other things) increased product awareness, sales volumes and distribution networks, Indofood envisages there will be considerable growth in respect of its Noodles Business and Snack Food Business, particularly in view of anticipated future market opportunities in Syria, Egypt, Sudan, Yemen and other territories in the Middle East and North Africa.

The benefits which are expected to accrue to the Indofood Group and the Company as a result of the above transactions are the expansion of the Indofood Group's business operations into previously unventured jurisdictions, the enhancement of facilities, assets and resources utilisation with profitable margins and increases in market share, revenue and operational profitability of the Indofood Group's major businesses.

LETTER FROM THE BOARD

VIEWS OF THE DIRECTORS

The Directors (other than members of the Independent Board Committee, who will express their opinion in a separate letter to the Independent Shareholders) consider that the terms of the SAWAB Agreements and their respective Annual Caps, the terms of the New Noodles Transactions, the Revised Noodles Caps (as applicable to the New Noodles Transactions), the Increased Existing Noodles Caps, the 2009 Noodles Caps, the terms of the Noodles Supply and Services Agreement and its Annual Caps, are fair and reasonable and that they are in the best interests of the Company and its shareholders as a whole.

The Directors (including the Independent Non-executive Directors of the Company) consider that the New Distribution Business Transactions, the Existing Distribution Business Transactions, the Plantations Business Transactions and the terms of the Snack Food Supply and Services Agreement in respect of each of the financial years ending 31 December 2007, 2008 and 2009 are fair and reasonable and that they are in the best interests of the Company and its shareholders as a whole.

SAWAB, being the counterparty to the SAWAB Agreements, will be engaged in the manufacturing and marketing of instant noodles in Syria.

CONTINUING CONNECTED TRANSACTIONS

We refer to our appointment as the independent financial adviser to the Independent Board Committee and the Independent Shareholders in respect of the SAWAB Agreements and their respective Annual Caps (the "**SAWAB Caps**"), the Noodles Supply and Services Agreement and its Annual Caps (the "**SWGL Caps**"), the New Noodles Transactions and their respective Revised Noodles Caps (the "**New Noodles Caps**"), the Increased Existing Noodles Caps and the 2009 Noodles Caps. Details of the terms of the SAWAB Agreements, the Noodles Supply and Services Agreement and the New Noodles Transactions are set out in the "Letter from the Board" contained in the circular issued by the Company to its shareholders (the "**Shareholders**") dated 30 May 2007 (the "**Circular**"), of which this letter forms part. Terms used in this letter shall have the same meaning as defined in the Circular unless the context otherwise requires.

Messrs. Graham L. Pickles, Edward K.Y. Chen and David W.C. Tang, the Independent Non-executive Directors, have been appointed as members of the Independent Board Committee to advise the Independent Shareholders as to whether each of the SAWAB Agreements, the Noodles Supply and Services Agreement and the New Noodles Transactions has been entered into by the Group within its ordinary and usual course of business based on normal commercial terms; and their respective terms and conditions together with the SAWAB Caps, the SWGL Caps, the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps (collectively, the "**Noodles Caps**") are fair and reasonable and in the interests of the Company and the Shareholders as a whole; and to advise the Independent Shareholders as to whether to vote in favour of the SAWAB Agreements, the Noodles Supply and Services Agreement and the New Noodles Transactions and the adoption of the Noodles Caps. As the independent financial adviser, our role is to give an independent opinion to the Independent Board Committee and the Independent Shareholders.

LETTER FROM QUAM CAPITAL

Quam Capital Limited is independent of and not connected with any members of the Group or any of their substantial shareholders, directors or chief executives, or any of their respective associates, and is accordingly qualified to give an independent advice in respect of the SAWAB Agreements, the Noodles Supply and Services Agreement, the New Noodles Transactions and the Noodles Caps.

In formulating our recommendation, we have relied on the information, facts supplied by the Group and its advisers, and the opinions expressed by and the representations of the Directors and management of the Group. We have assumed that all the information and representations contained or referred to in the Circular were true and accurate in all respects at the date thereof and may be relied upon. We have also assumed that all statements contained and representations made or referred to in the Circular are true at the time that they were made and continue to be true at the date thereof. We have relied on the confirmation from the Directors that the SAWAB Materials and Packaging Agreements and the Noodles Supply and Services Agreement will contain the same terms and conditions stipulated under the respective drafts of such agreements supplied by the Group. We have no reason to doubt the truth, accuracy and completeness of the information and representations provided to us by the Directors and the Directors have confirmed to us that no material facts have been withheld or omitted from the information provided and referred to in the Circular, which would make any statement in the Circular misleading.

We consider that we have reviewed sufficient information currently available to reach an informed view and to justify our reliance on the accuracy of the information contained in the Circular so as to provide a reasonable basis for our recommendation. We have not, however, carried out any independent verification of the information, nor have we conducted any form of in-depth investigation into the business, affairs, operations, financial position or future prospects of the Company, DUFIL, Pinehill, SAWAB and SWGL or any of their respective subsidiaries or associates.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our recommendation in respect of (1) the New Noodles Transactions, the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps; (2) the SAWAB Agreements and the SAWAB Caps; and (3) the Noodles Supply and Services Agreement and the SWGL Caps, we have taken into consideration the following principal factors and reasons:

1. Background of and reasons for (1) the New Noodles Transactions, the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps; (2) the SAWAB Agreements and the SAWAB Caps; and (3) the Noodles Supply and Services Agreement and the SWGL Caps

(a) The New Noodles Transactions, the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps

(i) The principal business of Indofood and expansion strategy

Indofood, a processed-foods company, is principally engaged in the provision of total food solutions in Indonesia. It is based in Jakarta and its shares are listed on the Jakarta and Surabaya Stock Exchanges.

LETTER FROM QUAM CAPITAL

Its principal products are noodles, flour and edible oils and fats; while “Indomie” and “Supermi” are among the principal brands for its noodle products. It also has interests in food seasonings, snack foods, nutrition and special foods and distribution businesses.

As stated in the Company’s annual report for the year ended 31 December 2006 (the “**2006 Annual Report**”), Indofood is the market leader in Indonesia and the largest instant noodle producer in the world. One of Indofood’s stated objectives is to continue to strengthen its market position by leveraging its industry competence. Up to the date of the Circular, most of the Group’s existing noodles businesses outside Indonesia have been conducted through business co-operations with local partners in the relevant markets. We concur with the view of the management of Indofood that such expansion strategy is beneficial to both the Company and the Shareholders, in view of its cost effectiveness in terms of savings on the required advertising and promotion expenses in developing new markets and the initial setting-up cost of production facilities and distribution networks in the relevant markets; and the benefits derived by capitalising on the local expertise of its business partners in the relevant markets.

(ii) The New Noodles Transactions

We were advised that DUFIL and Pinehill, the Group’s counter parties to the Existing Noodles Business Transactions, have been principally engaged in the manufacture, sale and distribution of instant noodles products in the Western Africa and the Middle East respectively for more than 11 years. We are also advised that as at the Latest Practicable Date, save for the instant noodles products under the trademark of “Indomie”, DUFIL had not conducted any manufacture, sale and distribution of instant noodles products under other trademarks; while the instant noodles products under the trademark of “Indomie” or “Supermi” manufactured by Pinehill in aggregate accounted for over 90% of its total sales volume.

It is noted that certain Existing Noodles Business Transactions with either DUFIL or Pinehill are due to expire in 2008. As the Group intends to continue its business co-operations with DUFIL or Pinehill (as the case may be) in connection with their respective production and distribution of instant noodles products in the Nigerian, Saudi Arabian and Middle East markets after the expiry of the related agreements entered by the Indofood Group in 2005, the Directors propose to extend the tenure of the related contractual arrangements upon similar terms and conditions for a further period of three years upon the expiry of the relevant sales and supply agreements. We were advised that new agreements in relation to the sales and supply of flexible packaging materials between CKA and DUFIL or Pinehill will be entered into

LETTER FROM QUAM CAPITAL

between the relevant contracting parties upon the expiry of the existing ones; while the agreements related to the sales and supply of food ingredients and noodles seasonings entered into between FID and DUFIL or Pinehill will be automatically renewed upon their expiry pursuant to their respective terms stipulated thereunder.

We were advised that the Existing Noodles Business Transactions have long been a revenue contributor to the Group. As disclosed in the 2006 Annual Report, the Group's aggregate annual income derived from the Existing Noodles Business Transactions for the last financial year amounted to about US\$31.5 million, of which about US\$27.7 million was attributable to the New Noodles Transactions. Furthermore, the management of Indofood confirmed that the gross profit margins of Indofood generated from the Existing Noodles Business Transactions or the New Noodles Transactions for the financial year ended 31 December 2006 and the three months ended 31 March 2007 respectively was higher than those derived from Indofood's own sales of its instant noodles products manufactured in the domestic market of Indonesia for the relevant periods.

In view of the foregoing and that the entering of the New Noodles Transactions is consistent with the stated business objective and the adopted expansion policy of the Indofood Group as discussed in subsection (i) above, we consider that the New Noodles Transactions facilitate the Indofood Group's ability to sustain the Group's presence in the Nigerian, Saudi Arabian and Middle East markets through its partnership with DUFIL and Pinehill, which in turn would reinforce the geographical diversification of the Group's Noodles Business.

Furthermore, given the Group's business nature, and the respective principal activities of DUFIL and Pinehill, it is reasonable to expect that the New Noodles Transactions will continue to take place on a regular and frequent basis in the Group's ordinary and usual course of business in future. As such, we are of the view that it would be impractical for the Company to strictly comply with the Listing Rules requirements regarding "connected transactions" on each occasion when they arise.

(iii) The Other Existing Noodles Business Transactions

We were advised that the Group also intends to continue its business co-operations with DUFIL or Pinehill (as the case may be) in respect of the Existing Noodles Business Transactions besides the New Noodles Transactions (the "**Other Existing Noodles Business Transactions**") including, but not limited to, the provision of technical services to Pinehill beyond the financial year ending 31 December 2008, the agreements related to which are due to expire in 2010.

LETTER FROM QUAM CAPITAL

As these transactions also constitute “continuing connected transactions” under the Listing Rules, they are subject to the reporting and approval requirements as in the case of the New Noodles Transactions. As discussed in the sub-section (ii) above, we are of the opinion that the adoption of the 2009 Noodles Caps, which includes the Annual Caps for the Other Existing Noodles Business Transactions, will be imperative in ensuring the continued smooth business operations of the Indofood Group in the markets mentioned above.

- (iv) The Annual Caps for the New Noodles Transactions and the Other Existing Noodles Business Transactions as required by the Listing Rules

As disclosed in the May 2006 Circular, the aggregate Annual Caps in respect of the Existing Noodles Business Transactions for each of the three financial years ending 31 December 2008 previously approved by the then Independent Shareholders amounted to US\$47.3 million, US\$60.8 million and US\$30.9 million (on a pro-rata basis) respectively. It should be noted that the 3-year conditional waiver granted by the Stock Exchange to the Company from strict compliance with the relevant requirements of the Listing Rules in relation to the Existing Noodles Business Transactions will expire on 31 December 2008 (the “**Existing Waiver**”). Furthermore, no Annual Caps are set for any of the Other Existing Noodles Business Transactions for the financial year ending 31 December 2009.

We were advised that based on the Group’s recent internal forecast of the respective business volumes from DUFIL and Pinehill and the prevailing operating conditions in their respective markets, the Directors anticipate that there would be deviations in the expected demand from DUFIL and Pinehill respectively for the supply of food ingredients, noodle seasonings, flexible packaging materials and technical assistance services for their respective instant noodle manufacturing operations for each of the two financial years ending 31 December 2008 respectively, from what they originally envisaged in the application for the Existing Waiver mentioned above.

Given the aforesaid and for reasons discussed in sub-sections (ii) and (iii) above, we believe the adoption of the New Noodles Caps and the Increased Existing Noodles Caps, which reflects the expected changes in the business volumes in the relevant markets based on the projection by the management of Indofood, are essential for the Group’s continued business development and to fully capitalise the growth potential of the respective markets of DUFIL and Pinehill.

LETTER FROM QUAM CAPITAL

(v) Conclusion

Based on the foregoing, we are of the view that entering into the New Noodles Transactions together with the adoption of the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps are conducted in the ordinary and usual course of the Group's business; and in the interests of both the Company and the Shareholders as a whole in that respect.

(b) *The SAWAB Agreements, the Noodles Supply and Services Agreement, the SAWAB Caps and the SWGL Caps*

We were advised that SAWAB is a newly established company, and principally engaged in the production, sale and distribution of instant noodles products in Syria; while certain members of the SWGL Group will engage in the production, sale and distribution of instant noodles products in Egypt, Sudan and Yemen.

It is noted that under the SAWAB Agreements and the Noodles Supply and Services Agreement, a series of inter-related contractual arrangements relating to SAWAB's or the SWGL Group's instant noodles manufacturing operations in Syria, Egypt, Sudan or Yemen (as the case may be), which are principally of the same nature as those of the Existing Noodles Business Transactions, will be undertaken between the relevant contracting parties.

We were advised that as at the date of the Circular, the Group has no major market presence in relation to its Noodles Business in Syria, Egypt, Sudan or Yemen, the major target markets of SAWAB or the SWGL Group (as the case may be). As such, we concur with the Directors' view that the respective business partnership with SAWAB and SWGL formalised by the SAWAB Agreements and the Noodles Supply and Services Agreements respectively will play a significant role in helping the Group in the implementation of its growth strategy in the aforementioned areas, and hence, further enhance the geographical expansion and diversification of its Noodles Business, which is in line with the Group's stated business strategy as discussed in section (1)(a)(i) above.

Moreover, given the Group's business nature, and the respective principal activities of SAWAB and the SWGL Group, it is reasonable to expect that each of the transactions contemplated under the SAWAB Agreements (the "**SAWAB Transactions**") and the Noodles Supply and Services Agreement (the "**SWGL Transactions**") will continue to take place on a regular and frequent basis in the Group's ordinary and usual course of business in future. It would be impractical for the Company to strictly comply with the Listing Rules requirements regarding "connected transactions" on each occasion when they arise.

LETTER FROM QUAM CAPITAL

As such, we are of the view that the entering of the SAWAB Agreements and the Noodles Supply and Services Agreement and the adoption of the SAWAB Caps and the SWGL Caps are essential for the Indofood Group in relation to its expansion in the aforementioned new markets, as that would ensure a smooth business development and operations in those areas for the next three financial years ending 31 December 2009.

Given the above, we consider that the entering into the SAWAB Agreements and the Noodles Supply and Services Agreement together with the adoption of the SAWAB Caps and the SWGL Caps are conducted in the ordinary and usual course of the Group's business and are in the interests of both the Company and the Shareholders as a whole.

2. Principal terms of the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions

The management of Indofood has confirmed to us that each category of transactions of similar nature contemplated under the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions will be conducted in accordance with similar terms and conditions as those of the Existing Noodles Business Transactions and on normal commercial terms, and particularly, the price/fees to be charged by the Indofood Group will be in line with the current pricing/fee structure adopted for the existing transactions with DUFIL or Pinehill of similar nature. It should be noted that it was stated in the 2006 Annual Report that, pursuant to Rule 14A.37 of the Listing Rules, the Independent Non-executive Directors have confirmed that for the financial year ended 31 December 2006, each of the Existing Noodles Business Transactions has been entered into (1) in accordance with the terms thereof that are fair and reasonable and in the interests of the Shareholders as a whole; and (2) on normal commercial terms or on terms no less favourable to Indofood than terms available to independent third parties.

It should also be noted that the purpose of the Noodles Supply and Services Agreement is to provide a framework of the agreed general terms and conditions governing the SWGL Transactions, and each of the SWGL Transactions to be undertaken by the Group will be subject to specific terms and conditions (including the payment terms) under the applicable implementing agreements to be entered into between the Indofood Group and the SWGL Group (the "**Implementing Agreements**"). We were advised that the Implementing Agreements will be in the form of the standard supply or licensing or services agreement used by the Indofood Group for its contractual arrangements with overseas partners. Pursuant to the Noodle Supply and Services Agreement, the terms and conditions of the Implementing Agreements will be determined based on the principles contained therein and is subject to mutual agreement between the relevant parties. It is also stated that all the Implementing Agreements shall be entered into based on normal commercial terms and, except in special circumstances, for a fixed term of not more than three years.

LETTER FROM QUAM CAPITAL

Set out below are the principal terms of each category of transactions contemplated under the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions:

(a) *Sales and supply of food ingredients and noodle seasonings*

(i) Nature of the transactions

The Indofood Group agrees to supply noodle seasoning materials (including seasoning powder, seasoning oil and ingredients) to each of DUFIL, Pinehill, SAWAB and the SWGL Group to be used for their respective production of instant noodles products for an initial term of not more than three years commencing from the effective or expiration date of the relevant agreements.

The Directors have confirmed that all noodle seasoning materials to be supplied by the Indofood Group to DUFIL, Pinehill, SAWAB and the SWGL Group will be solely used for their production of instant noodles products for sale in their respective markets.

(ii) Pricing basis

The selling prices of the noodle seasoning materials shall be determined by and mutually agreed between the relevant contracting parties from time to time. The Directors confirmed that the final selling prices will be determined by the parties involved through arm's length negotiations with reference to the predetermined quotations set out in the relevant seasoning materials supply agreements and the prevailing rates for the relevant markets. We have reviewed the respective predetermined quotations contained in the seasoning materials supply agreements with DUFIL, Pinehill and SAWAB respectively, and noted that the unit selling prices of the seasoning materials are the same.

The Company advised that as at the Latest Practicable Date, save for DUFIL and Pinehill, the Group had not in the past conducted any similar transactions with other parties as the Indofood Group will not supply noodle seasoning materials to other party without a parallel trademark licence agreement to preserve secrecy of the unique recipe for its noodle seasonings or technical service agreement to provide the technical know-how for manufacturing instant noodles products incorporated with its noodle seasonings. As such, there are no independent relevant transactions available for direct comparison. Notwithstanding this, in order to assess the reasonableness of the prices of noodle seasonings supplied to DUFIL and Pinehill, we have reviewed the gross profit margin of similar transactions of sale of seasoning products undertaken by another Hong Kong listed company, namely Vedan International (Holdings) Limited ("**Vedan**"), which is principally

LETTER FROM QUAM CAPITAL

engaged in the manufacture and sale of seasoning products. Under our review, it is noted that Vedan recorded a gross profit margin of about 18.4% in the financial year ended 31 December 2006 based on its 2006 annual report. It was confirmed by the Directors that Indofood's gross profit margins derived from the sales of noodle seasonings to each of DUFIL and Pinehill for the year ended 31 December 2006 and the three months ended 31 March 2007 respectively was in excess of 18.4%.

(b) *Sales and supply of flexible packaging materials*

(i) Nature of the transactions

The Indofood Group agrees to supply flexible packaging materials to each of DUFIL, Pinehill, SAWAB and the SWGL Group for their respective production of instant noodles products for an initial term of not more than three years commencing from the effective or expiration date of the relevant agreements.

The Directors have confirmed that all flexible packaging materials to be supplied by the Indofood Group to DUFIL, Pinehill, SAWAB and the SWGL Group will be solely used for their production of instant noodles products for sale in their respective markets.

(ii) Pricing basis

The selling prices of the flexible packaging materials shall be determined by and mutually agreed between the relevant contracting parties from time to time. The Directors confirmed that the final selling prices will be determined by the parties involved through arm's length negotiations with reference to the predetermined quotations set out in the relevant packaging materials supply agreements and the prevailing rates for the relevant markets. We have reviewed the respective predetermined quotations contained in the packaging materials supply agreements with DUFIL, Pinehill and SAWAB respectively, and noted that the unit selling prices of the packaging materials are the same.

Based on our discussion with Indofood's management, it is our understanding that the packaging materials to be supplied to DUFIL, Pinehill, SAWAB and the SWGL Group will principally be of the same nature with differences in specifications such as size and colour, and that the unit selling prices set out in the aforesaid predetermined quotations will be determined after arm's length negotiations between the relevant parties involved with reference to the then prevailing international market prices for packaging materials.

LETTER FROM QUAM CAPITAL

The Company advised that as at the Latest Practicable Date, save for DUFIL and Pinehill, the Group had not in the past conducted any similar transactions with other parties as the noodles packaging materials to be manufactured with Indofood's technology and/or licensed trademark are of specific application, and therefore there are no comparable third party transactions available for our analysis. Notwithstanding this, in assessing the reasonableness of the prices of packaging materials, we have reviewed the quotation obtained by DUFIL from an independent supplier in relation to the purchase of similar packaging materials, and noted that the selling prices set out in the aforementioned predetermined quotations are more favourable to the Indofood Group when compared to the price levied by such independent supplier under our review.

(c) *Granting of trademark licence and provision of technical services (applicable to the SAWAB Licensing Agreements and the Noodles Supply and Services Agreement)*

(i) Nature of the transactions

To further promote and expand its Noodles Business through trademark licensing for the manufacturing of instant noodles products in the Middle East and Northern African markets, the Indofood Group agrees to grant the right and licence for use of the "Indomie" trademark to SAWAB (in Syria) and the SWGL Group (in Egypt, Sudan and Yemen) on a non-exclusive and non-transferable basis for their respective production, sale, distribution, advertising and promotion of the instant noodles products for an initial term of not more than three years commencing from the effective date of the relevant agreements.

To ensure the quality standard of the instant noodles products to be manufactured by SAWAB and the SWGL Group under the brand names of "Indomie", Indofood agrees to provide technical services and technology licences to SAWAB and the SWGL Group respectively to support them in their manufacturing, packaging and distribution process of the "Indomie" instant noodles products to be undertaken in their respective manufacturing plants. The scope of technical services to be provided by the Indofood Group comprises pre-operation and continuing technical assistance relating to, among others, (1) the selection, procurement, system design and installation of machinery and equipment; (2) the performance of trial run; (3) the process enhancement; and (4) the quality assurance. As stated in the technical services agreement with SAWAB, SAWAB shall not, in manufacturing the instant noodles products, use any materials other than those specified by Indofood nor vary assembly standards nor change the quality standards set by Indofood and SAWAB.

LETTER FROM QUAM CAPITAL

(ii) Pricing basis

In respect of the trademark licensing and technical services arrangements with SAWAB, the licensing fees and the technical service fees for the granting of the “Indomie” trademark and the provision of technical services respectively payable by SAWAB on a quarterly basis shall be determined at 1.5% each of the actual sales amount of the instant noodles products to be manufactured by SAWAB under the brand name of “Indomie”. We were advised that the aforementioned pricing basis has been determined by the parties involved after arm’s length negotiations with reference to the prevailing market rates, after taking into account the local tax exposure to SAWAB. We were also advised that in respect of the trademark licensing and technical services arrangements with the SWGL Group, the actual trademark licensing and technical services fees payable by the SWGL Group will be determined by and mutually agreed between the relevant contracting parties through arm’s length negotiations principally based on the same basis of determination adopted for the trademark licensing and technical services arrangements with SAWAB.

For comparison purposes, we have reviewed similar trademark licensing and technical services arrangements between (1) an associated company of Indofood and an independent international noodle manufacturer; (2) a joint venture company of Indofood and an independent international food company; and (3) the Indofood Group and DUFIL or Pinehill. Based on our reviews, we noted that (i) each of the aforementioned comparable transactions adopted similar pricing policy; (ii) the trademark licensing and technical services rates of 1.5% each stipulated under the SAWAB Licensing Agreements are within the range of those levied under the aforementioned comparable transactions, which ranged from 0.5% to 2.5%. We were advised that in respect of the trademark licensing and technical services arrangements with the SWGL Group, it is the current intention of Indofood that each of the trademark licensing and technical services rates is to be set within such range.

In light of the foregoing, we are of the opinion that the respective terms and conditions of the New Noodles Transactions, the SAWAB Agreements and the Noodle Supply and Services Agreement are fair and reasonable, on normal commercial terms and in the interests of both the Company and the Shareholders as a whole.

3. Requirements of the Listing Rules

For each financial year of the Company during the terms of each of the agreements related to the New Noodles Transactions, the SAWAB Agreements and the Noodles Supply and Services Agreement, the subject transactions will be subject to review by the independent non-executive Directors and the Company’s auditors as required by the provisions of the Rules 14A.37 and 14A.38 of the Listing Rules

LETTER FROM QUAM CAPITAL

respectively. The independent non-executive Directors must confirm in the annual report and accounts that the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions have been entered into:

- in the ordinary and usual course of business of the Company;
- either on normal commercial terms or, if there are not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Company than terms available to or from (as appropriate) independent third parties; and
- in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Furthermore, the Listing Rules require that the Company's auditors must provide a letter to the Board (with a copy provided to the Stock Exchange at least ten business days prior to the bulk printing of the annual report of the Company), confirming that the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions:

- have received the approval of the Board;
- are in accordance with the pricing policies of the Company if the transactions involve provision of goods or services of services by the Company;
- have been entered into in accordance with the relevant agreement governing the transactions; and
- have not exceeded the cap disclosed in its previous announcement.

Given the above, we are of the opinion that there will be sufficient procedures and arrangements in place to ensure that the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions will be conducted on terms that are fair and reasonable and on normal commercial terms as far as the Independent Shareholders are concerned.

4. The Annual Caps

- (a) *The New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps*
- (i) The historical record of the transaction volumes of the New Noodles Transactions and the Other Existing Noodles Business Transactions

Set out below are the details of the actual transacted amount of each of the New Noodles Transactions for each of the three financial years ended 31 December 2006 and the three months ended

LETTER FROM QUAM CAPITAL

31 March 2007 respectively; and the comparison of the transacted amount with the relevant Annual Cap under the Existing Waiver for the year ended 31 December 2006 (the “**Utilisation Rate**”):

	<i>Utilisation Rate:</i>	<i>n.a.</i>	<i>n.a.</i>	97.0%	<i>Note</i>

Note: Due to the seasonal factors in the respective markets of DUFIL and Pinehill, we do not consider it appropriate to estimate the Utilisation Rate for the year ending 31 December 2007 by annualising the actual transacted amount for the first quarter of 2007, as such estimates may not be accurately reflective of the actual Utilisation Rate.

LETTER FROM QUAM CAPITAL

Set out below are the details of the actual transacted amount of each of the Other Existing Noodles Business Transactions for each of the three financial years ended 31 December 2006 and the three months ended 31 March 2007 respectively; and the relevant Utilisation Rate:

<i>Utilisation Rate:</i>	<i>n.a.</i>	<i>n.a.</i>	80.0%	<i>Note</i>

Note: Due to the seasonal factors in the respective markets of DUFIL and Pinehill, we do not consider it appropriate to estimate the Utilisation Rate for the year ending 31 December 2007 by annualising the actual transacted amount for the first quarter of 2007, as such estimates may not be accurately reflective of the actual Utilisation Rate.

LETTER FROM QUAM CAPITAL

As illustrated above in Table One and Table Two, there has been a steady annual growth for the New Noodles Transactions and the Other Existing Noodles Business Transactions, and this was generally in line with the respective growth trend in the sales volumes of the instant noodles products by DUFIL and Pinehill for the relevant periods. The only noted exceptions are the transactions between the Indofood Group and DUFIL (transactions typed A and B) for the financial year 2005.

We were advised that the significant increases of about 164.5% and 153.8% in these two types of the New Noodles Transactions respectively were mainly due to (1) the increase in the sales volume of the instant noodles products by DUFIL by about 75% for the year; (2) the increased demand of food ingredients and seasoning as certain new types of noodles packs requiring additional seasoning packs; and (3) that DUFIL has built up its inventory of seasoning and packaging materials in anticipation of sales growth.

It is also noted that the respective Utilisation Rate for the New Noodles Transactions typed A and B for the financial year 2006 was relatively low as compared with those for the New Noodles Transactions typed C and D respectively for the relevant year. We were advised that this was mainly due to the building up of seasoning and packaging materials inventory by DUFIL in 2005 in advance of its anticipation of sales for the following year.

Notwithstanding the above, we are of the view that the generally high Utilisation Rate for each of the New Noodles Transactions and the Other Existing Noodles Business Transactions, to a very large extent, is reflective of the local market expertise of DUFIL and Pinehill and their perceptive operation planning and sales projections related thereto.

LETTER FROM QUAM CAPITAL

- (ii) The bases of determination of the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps

The following table sets out the details of the relevant New Noodles Caps and the 2009 Noodles Caps for each of the New Noodles Transactions:

* *The figures in parentheses denote the Annual Caps under the Existing Waiver for the relevant financial year.*

** *Pursuant to the letter agreement entered into between Indofood and DUFIL on 13 April 2006, such parties agreed to extend the tenure of the trademark licensing and technical services agreement dated 1 November 2002 in respect of the Other Existing Noodles Business Transaction typed E upon the same terms for a further period of four years up to 29 November 2010 upon its initial expiry on 29 November 2006 (subject to the approval of the National Office for Technology Acquisition and Promotion ("NOTAP") in Nigeria). We were advised that NOTAP has already granted its approval to DUFIL for a one-year extension after the aforementioned initial expiry pending the final approval of the relevant renewal agreement (the "Final Approval").*

It should be noted that the proposed new Annual Caps in respect of the Other Existing Noodles Business Transaction typed E for the three financial years ending 31 December 2009 respectively are determined based on the assumption that the Final Approval by NOTAP will be obtained.

We have discussed the above with the management of Indofood; and were advised that the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps were determined after taking into consideration the following bases and assumptions:

- the expected increase in demand for food ingredients, noodle seasonings and flexible packaging materials in view of (1) the continuous growth in the sales of the instant noodles products by DUFIL and Pinehill in the recent years; (2) the anticipation of the continuation of the increased market receptiveness of the instant noodles products under the

“Indomie” or “Supermi” brand in the Nigerian, Saudi Arabian and Middle East markets, the core markets of DUFIL or Pinehill; and (3) the recent expansion of the respective production capacity of DUFIL in 2006 and Pinehill in 2007 and their respective expansion plans to be implemented in the next three years;

- the sale volume projections in respect of the instant noodles products to be manufactured and sold by DUFIL and Pinehill in their respective markets incorporated in the respective annual operating plans of DUFIL and Pinehill for each of the three financial years ending 31 December 2009, compiled with the assumptions discussed above;
- the projected annual level of supply of seasoning products and packaging materials to be entered into under the relevant supply agreements for the three financial years ending 31 December 2009 based on DUFIL’s and Pinehill’s sale projections mentioned above;
- the unit prices of the existing seasoning products and packaging materials to be sold to DUFIL and Pinehill will be maintained at about the same current level;
- the adoption of general buffers of 10% and 15% for the New Noodles Transactions with DUFIL and Pinehill respectively to accommodate unanticipated future variations in sales volume and price adjustments;
- in respect of the renewal agreement relating to the Other Existing Noodles Business Transaction typed E, it is assumed that DUFIL will obtain the Final Approval by NOTAP;
- a royalty and technical service rates of 1% each will be charged for the granting of an exclusive right and licence of the “Indomie” brand and the provision of technical services in Nigeria by Indofood to DUFIL with a buffer of 10% on the estimated amount based on the projected business volume;
- a royalty rate of 1% will be charged for the granting of an exclusive right and licence of the “Indomie” and “Supermi” brands in Saudi Arabia and the Middle East by Indofood to Pinehill with a buffer of 20% on the estimated amount based on the projected business volume; and
- a technical service rate of 2% will be charged for the provision of technical services in Saudi Arabia and the Middle East by PIPS to Pinehill with a buffer of 20% on the estimated amount based on the projected business volume.

LETTER FROM QUAM CAPITAL

In our assessment of the respective reasonableness and fairness of the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps, we have reviewed the respective operating plans and the related sales projections for the three years ending 31 December 2009 compiled by DUFIL and Pinehill and the underlying bases and assumptions related thereto as detailed above. We concur with the Directors' view that it will be reasonable and in the interests of both the Company and the Shareholders to set the aforementioned Annual Caps at the proposed levels, after taking into consideration the following:

- the enhanced production capacity of DUFIL with the installation of two production lines in 2006 and its plans to install additional new productions lines in 2007, 2008 and 2009 and the establishment of a new production plant; to capture the expected increases in demand in its core market, namely Nigeria which has the highest population in the Western African continent, with population expected to reach about 135.0 million by July 2007;
- the current intention of DUFIL to launch new noodles products to enhance its competitive advantages in its major market;
- the expansion plan of Pinehill to enhance its production capacity in 2007, 2008 and 2009 by installing several new production lines and setting up an additional noodle manufacturing plant; in order to accommodate (1) the increasing local demand for its existing instant noodles products in its markets; and (2) the launch of new instant noodles products with an aim to enhance its competitive advantages in the local market, namely Saudi Arabia which is the second largest country in terms of population within the Middle East region with population expected to reach about 27.6 million by July 2007, and hence to increase its market share;
- that the respective average sales volume ratio (i.e. the sale volume of packaging materials over that of the instant noodles products) for DUFIL and Pinehill for the three years ending 31 December 2009 is in line with that for the preceding three years; and
- the slight decrease in the proposed new Annual Cap in respect of the sale of food ingredients and noodles seasonings by Indofood to Pinehill for the year ending 31 December 2008 compared to that for the previous year; as a result of the fact that Pinehill will set up its own seasoning blending plant in 2008, and hence, the Indofood Group will cease to supply certain categories of noodle seasoning materials to Pinehill thereafter.

LETTER FROM QUAM CAPITAL

(iii) Conclusion

Based on the factors and reasons discussed above, we are of the view that the New Noodles Caps, the Increased Existing Noodles Caps and the 2009 Noodles Caps were set by the Group after careful and due consideration and are fair and reasonable so far as the Shareholders are concerned and in the interests of both the Company and the Shareholders as a whole.

the SWGL Group	Yemen	–	0.1	0.2

In respect of setting of the SAWAB Caps and the SWGL Caps, we have discussed with the management of Indofood and were advised that they were determined after taking into consideration the following bases and assumptions:

- the respective sale volume projections prepared by SAWAB and SWGL in respect of the instant noodles products to be manufactured and sold by them in their respective markets for each of the three financial years ending 31 December 2009 (together, the “**SAWAB and SWGL Sale Projections**”);
- the projected annual level of supply of seasoning products and packaging materials to be entered into under the SAWAB Materials and Packaging Agreements and the Noodles Supply and Services Agreement for each of the three financial years ending 31 December 2009 based on the SAWAB and SWGL Sale Projections (together, the “**SAWAB and SWGL Supply Projections**”);

LETTER FROM QUAM CAPITAL

- the unit prices of seasoning products and packaging materials to be sold to SAWAB and the SWGL Group are to be set at about the similar level as those of transactions of the same nature between the Indofood Group and DUFIL or Pinehill;
- the expected royalty and technical service rates of 1.5% each for the trademark licensing and provision of technical services arrangements under the relevant SWGL Transactions, which are at the same rates as those under the SAWAB Licensing Agreements;
- the adoption of general buffers of 30% and 50% for the SAWAB Transactions and the SWGL Transactions respectively to accommodate (1) future price adjustments; and (2) unanticipated increases in sales volume in view of (i) the possible rapid growth in SAWAB's and the SWGL Group's business development in the early stage of new markets; and (ii) the continuous growth in the sales of DUFIL and Pinehill respectively in the recent years, given their target markets of Syria, Egypt, Sudan and Yemen are likely to share similar market characteristics of those of DUFIL and Pinehill (as the case may be) as they are located in the same geographical regions; and
- in respect of the SWGL Transactions, the operation schedules of the SWGL Group in the Egypt, Yemen and Sudan markets.

In our assessment of the respective reasonableness and fairness of the SAWAB Caps and the SWGL Caps, we have reviewed the SAWAB and SWGL Sale Projections, the SAWAB and SWGL Supply Projections and the operation schedules of the SWGL Group and the underlying reasons related thereto. We concur with the Directors' view that it will be reasonable and in the interests of both the Company and the Shareholders to set the SAWAB Caps and the SWGL Caps at the proposed levels, after taking into consideration the following:

- the growth potential of the Group's Noodles Business in the target markets of both SAWAB and the SWGL Group with Egypt having the highest population, followed by Sudan, in the Northern African continent, with population expected to reach about 80.3 million and 39.4 million respectively by July 2007; and Yemen and Syria, being one of the top five largest countries in terms of population within the Middle East region with population expected to reach about 22.2 million and 19.3 million respectively by July 2007;

LETTER FROM QUAM CAPITAL

- that the SAWAB and SWGL Sale Projections were prepared by SAWAB and SWGL respectively principally based on their respective projected production capacity and knowledge of the existing market conditions in the relevant countries;
- in respect of the SWGL Transactions, no cap is adopted for each of the SWGL Transactions for (i) both the Egypt and Yemen markets for the year ending 31 December 2007; and (ii) the Sudan market for each of the two years ending 31 December 2008, as the commercial production and sales of instant noodles products of the SWGL Group in Egypt and Yemen are expected to take place in 2008; while it is expected that the SWGL Group's manufacturing plant in Sudan will only start commercial production in 2009; and
- that a relatively higher general buffer is necessary for the SWGL Transactions as compared with that for the SAWAB Transactions as the management of SWGL is currently only at the initial stage of business evaluation with relatively limited knowledge of market conditions and characteristics in the subject countries, given the expected operation schedules of the SWGL Group in its markets as discussed above.

(ii) Conclusion

Based on the factors and reasons discussed above, we are of the view that the SAWAB Caps and the SWGL Caps were set by the Group after due and careful consideration and are fair and reasonable so far as the Shareholders are concerned and in the interests of both the Company and the Shareholders as a whole.

RECOMMENDATION

Having considered the principal factors and reasons discussed above and in particular the following (which should be read in conjunction with and interpreted in the full context of this letter):

- the nature of the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions;
- that the New Noodles Transactions facilitate the Indofood Group's ability to sustain the Group's presence in the Nigerian, Saudi Arabian and Middle East markets, which in turn would reinforce the geographical diversification of the Group's Noodles Business;

LETTER FROM QUAM CAPITAL

- that both the SAWAB Transactions and the SWGL Transactions, which will be conducted on normal commercial terms, are in line with the Group's adopted business expansion strategy in new markets outside Indonesia and are expected to enhance the growth potential of the Group's Noodles Business in their respective target markets;
- that the respective pricing basis as provided under each of the New Noodles Transactions, the SAWAB Agreements and the Noodles Supply and Services Agreement is fair and reasonable;
- the control and review procedures and arrangements in place to safeguard the interests of the Company and the Shareholders in relation to the New Noodles Transactions, the SAWAB Transactions and the SWGL Transactions; and
- that the Noodles Caps have been set by the Group, after careful and due considerations, at a level which will be in the interests of both the Company and the Shareholders, in view of the positive growth factors as discussed in details above,

we consider that the New Noodles Transactions, the SAWAB Agreements and the SWGL Agreements have been or will be entered into within the ordinary and usual course of the Group's business based on normal commercial terms and their respective terms and conditions together with the Noodles Caps are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Accordingly, we advise the Independent Shareholders, and the Independent Board Committee to recommend the Independent Shareholders to vote in favour of the ordinary resolutions to be proposed at the Shareholders' Meeting to approve the New Noodles Transactions, the SAWAB Agreements and the SWGL Agreements and the adoption of the Noodles Caps.

Yours faithfully,
For and on behalf of
Quam Capital Limited
