FOR IMMEDIATE RELEASE

METRO PACIFIC CORPORATION REPORTS UNAUDITED NET LOSS OF PESOS 73.9 MILLION FOR FIRST NINE MONTHS OF 2004

MANILA, PHILIPPINES, 12th NOVEMBER 2004 - Metro Pacific Corporation ("Metro Pacific") (PSE: MPC) today announced an unaudited net loss of Pesos 73.9 million for the first nine months of 2004, compared with a net profit of Pesos 107.7 million reported during the same period last year. The loss results principally from significant losses incurred at shipping unit Negros Navigation Company ("Nenaco") and despite improved performance at Landco Pacific Corporation ("Landco").

Consolidated Results

Metro Pacific recorded consolidated net revenues of Pesos 2.2 billion for the first nine months of 2004, compared with Pesos 2.8 billion in consolidated net revenues recorded for the same period in 2003, reflecting the decline in Nenaco's revenues and deconsolidation of Bonifacio Land Corporation (BLC). Operating expenses were reduced during this period from Pesos 520.9 million to Pesos 416.7 million, mainly due to the deconsolidation of BLC and lower operating and marketing costs for Pacific Plaza Towers (PPT). Financing charges declined to Pesos 389.3 million in 2004 versus Pesos 553.7 million in 2003, reflecting the reduction of debt levels resulting from the closing of various debt settlement agreements, and the deconsolidation of BLC.

Operations Review

Landco reported a net profit of Pesos 52.9 million for the first nine months of 2004, a substantial improvement over the Pesos 35.8 million profit reported for the same period last year, due mainly to the sales success of its Leisure Farms and Ponderosa Leisure Farms projects. Strong sales interest at Punta Fuego further contributed to the strong 2004 performance. Consolidated revenues likewise improved to Pesos 607.8 million in 2004 versus Pesos 508.1 million in 2003.

PPT reported a net loss of Pesos 18.2 million for the first nine months of 2004, marginally higher than the Pesos 11.6 million net loss reported for the same period last year, and principally due to lower net values realized from the sale of various units for retirement of certain debt obligations.

Nenaco reported a net loss of Pesos 382.4 million for the first nine months of 2004, compared with a net profit of Pesos 73.6 million for the same period in 2003. The loss reflects a substantial decline in consolidated revenues to Pesos 1.3 billion for the first nine months of 2004, versus Pesos 1.8 billion in 2003 and due to lower trip frequencies and reduced in-service fleet size.

Comments: Metro Pacific in Transition

"We believe that while Nenaco has had the most challenging year in its long history, under its court-approved rehabilitation program a solid foundation for its future recovery is being built. Landco continues to perform beyond expectations and we are pleased at its progress at building successful brands in a highly competitive market space. Beyond this, Metro Pacific is itself engaged in a broader transformation, in which over the coming weeks and months, a virtually debt-free company will emerge agile and responsive enough to capitalize upon new opportunities in new growth industries," said Jose Ma. Lim, President and Chief Executive Officer.
